SPRING TIME SOON!

NEW YEAR, NEW SPRING, NEW LIFE!

We love this time of year when all is made new again. Here in the Pacific Northwest this means a

whole new array of colors with all the blooming going on around here.

Of course, this time of year means yard work time again woohoo.

OUTDOOR TRAINING TIME IS HERE

Between now through early fall is perfect for outdoor Combat-Arts training. You can throw one another around, use the terrain and obstacles, duck-dodge & zone, and have a great time. All the while maintaining a relative level of control so as

not to hurt each other. Tires are awesome to beat on with a stick or slice with a knife and again, outdoor time is perfect for it. The kids

in the picture here had some fun. The youngest really enjoyed controlling his bigger brother with a

few techniques. I enjoyed watching the lads I have to admit. *Good clean fun.*

HAPPY ST. PADDYS & HAPPY EASTER

March 17th is St. Paddy's Day, April fools is the 01st of April so do your best joke. (RULE: DO NO JOKE THAT YOU

CANNOT TAKE YOURSELF). Easter is the 12th of

April so get ready for that sunrise-service. Oh yeah, don't forget about TAX DAY on the 15th of April. You wouldn't want to anger Uncle Sam, would you?
