SUMMER IS HERE!

CAN WE PLAY OUTSIDE

Through all this pandemic enforced “social-distancing,” can we finally go out and play? Hurray for “Phase 2!”

FINALLY, time to enjoy camping and other outdoor fun. The parks are open for reserve and first come first serve camping so it’s on! It doesn’t change all the sports and entertainment venues that have been cancelled or “postponed” but at least we aren’t as locked in and can enjoy our state parks and the like. It is of course still advisable to practice Social Distancing and or wear masks around others. Also, the hand washing thing is

really important as we all know.

JUST A BELATED NOTE:

17 June was Dr. Gaudiosa Ruby Day in El Paso, Texas. The Holiday honoring Tuhon Ruby was first decreed on 17 June 2003. It has been awhile since then and yet; it feels like just yesterday. *I forgot to post this last newsletter – Sorry Tuhon.*

BIRTHDAY WISHES TO:

Punong Guro Sammy Ruby (09 July) and Manong Guro Gary Ruby (09 Aug). Happy birthday to our head Guros. There are many more birthdays I know but way too

many to list so you all can understand.

HAPPY ANNIVERSARY!

Tuhon and Manong Guro

Gary Ruby celebrate another Anniversary on 28 August. God bless you both and may you share many, many, more happy years together.
