REMEMBERING 911

NINE YEARS AGO THE US

Suffered an attack by terrorists. The destruction of property and the economic fallout was devastating. The loss of life was virtually unforgivable.

Despite these horrific and cowardly actions, Americans from all over the country rallied together to help with the rescue and clean-up efforts. It was almost a “love your fellow humans” attitude similar to the Christmas spirit shared by so many. Of course, the difference was great loss and sadness overtones versus awesome gift exchanges and family get-togethers.

HAPPY BIRTHDAY GURO

Guro Brian celebrates another birthday this September.

[Birthdays! What music in the world! In these unresting times, when nothing intellectual, economic, social, political, seems stable; when customs and traditions hoary with age are mixed with explosive elements, this oldest of institutions is not in danger of yielding to destructive forces. ~J.R. Macduff, Birthdays, 1893]

Happy birthday to everyone for September and October!

BLUE MOON HALLOWEEN 2020

Halloween is happening on a Blue Moon this year. The last Blue Moon was in 2018. *A Blue moon is the second full moon in*

the same month. For me it's an

excuse for a Blue Moon Night Ride. Always a blast!

HAPPY ANNIVERSARY PUNONG GURO SAMMY

Congratulations you guys!

BEST HOLIDAYS ARE ALMOST HERE ALREADY

Despite the Covid-19 Virus forcing all of us to alter our lifestyles, I hope the best for everyone this upcoming holiday season.

EIGHT MONTHS PASSED

Already and just a couple more months to go. Gosh this 2020 has been racing by and a lot has happened this year – a lot bad considering the Covid-19, all the Civil unrest, but we all move forward yes?!

A HAIKU FOR FUN

*Time passing too fast
Try to relish each moment
