MALIGAYANG BAGONG TAON

HAPPY NEW YEAR!

Finally, the new year is here and hopefully our economy is on the mend after the devastating fallouts from the COVID-19 virus. The vaccine was our first big good news so let the healing begin! You notice I am not writing any opinion on the current election. I think there have been too many voiced opinions yeah? I do have to write that it has been really interesting though.

MALIGAYANG ARAW NG MGA PUSO – HAPPY VALENTINES DAY

It has been said that Valentines' Day was a "Hallmark" created holiday. Having said that it is still nice to do something special on a designated day for the ones

we love. Besides, if it wasn't for the actual annual date a lot of men would fail to recognize how much our special someone means to us.

CHRISTMAS IN 1920

One hundred years ago at Christmas time things were considerably different than today. We didn't have COVID-19, AIDS, or so many people. In 1920 the US population

was 106,021,537. This was a 15% increase in population from 1910. Nineteen-twenty was called "The Greatest Generation." This generation survived the great depression. Many served in World War II and is the generation who gave birth to the "Baby Boomers." Now, a hundred years later we have a census of 331,002,651 which is an increase of over 300%. We have been quite prolific it seems. Finally, one hundred Years ago the President was a Democrat, President Woodrow Wilson.

A HAIKU FOR YOU ALL

*The groundhog pops out
Seeing his shadow or not
Still February*

HANGGANG SA MULI

*UNTIL NEXT TIME,
Pito Antas
